

The Challenge

The direct selling industry stretches the limits of sales tax compliance. Rapidly expanding across 50 states and thousands of local jurisdictions is demanding. If not managed well, sales tax can be the cause of field questions, customer concerns, penalties and audits. The challenge is to find a practical approach to sales tax compliance.

The Solution

Our sales tax solutions were built for the direct selling industry, allowing us to provide a full suite of solutions with the following features:

- Complete outsourced solutions
- Product taxability research and guidance
- Practical approach to state and local registrations
- Address level calculations for over 12,000+ jurisdictions
- Exemption certificate management
- Streamlined Sales Tax filings
- Simplified month-end reporting
- Secure record keeping
- Assistance with tax notices and audits
- Dedicated account manager
